

Application of PR. No. for brakes

The brake system installed in a vehicle is documented on the vehicle data sticker via the relevant PR number.

Example of a vehicle data sticker

In this example the vehicle is equipped with the following brakes:

- Arrow 1 - Rear wheel brake -1KF-
- Arrow 2 - Front wheel brake -1LC-

The vehicle data sticker is located in the spare wheel well and in Maintenance booklet.

The following table explains PR numbers. This is important for brake caliper/brake disc/brake drum and brake pads/linings.
