

**E-3
(1-BLK)
(BEHIND HOSE)**

**A/C
COMPRESSOR**

This close-up photograph shows the A/C compressor and the E-3 valve. The E-3 valve is a small, cylindrical component with a black cap, located behind a hose. The A/C compressor is a larger, cylindrical component with a label that reads "R134A 1000000000". Two arrows point from the labels to the respective components.
