PART	DESCRIPTION AND APPLICATION	REQD	PRICE
48-2334-TN	BUCKLE SLEEVE TAN	(2)	$6.95

lmctrucklife.com

It's funny that no matter how capable or old your children get you still worry about them. My youngest daughter, Rachel, has "blessed me" with 4 horses, 3 dogs and 12 hens. I have to admit the horses are my favorite. There is Dakota who spent years as a bucking horse and has the scars that show his life. He was her first. She has always been the kid to take in and help any animal that has been abused. Next there was Sergeant who had to go to a trainer because he had a naughty streak, then Sampson who spent years at a children's camp but got too big for the kids, and last Annie who is the newest addition and has only been with us since the middle of February.

The dogs are a whole different story. Gunner is a beautiful German Shepard and Lab mix and had 5 homes by the time she was 6 months old when Rachel took her in. Next there was Raleigh (not sure what breed he is) who one of her friends was going to give away and she couldn't stand the fact that someone might not take good care of him. He fell off her bed the first day she had him and broke his hip. That mom call went something like "Raleigh is hurt. Can you come to the vet's?" because she knew all I had to do is look into that puppy's eyes, and I would take care of the vet bill so they wouldn't put him down or take his leg. Lastly there is Chief, who still is a puppy and joined her mix this year.

And the chickens. Well they are all named after country western singers, except for Ralph the rooster who is half the hen's size but thinks he is so much more. But really, what can you do with a dozen eggs almost every day except give them away!

She trailers the horses to vet's and to her friends' to trail ride and train together. I know she is capable of handling a 1,500 pound animal and getting it into a trailer and pulling it, but I still worry. A couple of weeks ago she was hauling a couple of them and my mom instincts went in to overdrive. My baby can't drive that far, it's dangerous! What if something happens? What if she drives too fast or is too aggressive (not sure where she got those driving habits from)? What if she runs out of gas? All the mom things I know I don't have to worry about but in the pit of my stomach always seem to. Text or call me when you get there/when you stop for gas/when you get home I say. She humors me and says she will.

Where would she be without her truck? It is not just a tool to haul her trailer with the horses or take the dogs somewhere or get feed for her menagerie of animals; it is part of her life. It is a part of my life, too, because I know it will help her on her journey through her life. When she is 62 like I am, she will look back much like I look at my own '55 and remember all the memories it built and all the great adventures. (And mom nagging.)

Becky Hanahan

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	PRICE
47-3998	(1)	WIPER BLADE RANGER	95-11 (2)	$9.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 136 and 137.

Listing Explanation:

PART: The part number you order, i.e. **#47-3998**.
ILL #: Illustration reference number, i.e. (1) is the Wiper Blade.
DESCRIPTION: Name of part, i.e. Wiper Blade.
APPLICATION: Model and year part fits, i.e. Ranger 1995-11.
REQD: Quantity of the part required for one truck, i.e. two (2) Wiper Blades are required for one truck.
PRICE: The low price you pay for one part, i.e. Wiper Blade is $9.95, making your total net cost $19.90 + Delivery & Handling for two Wiper Blades required for one truck.

Part Number Definitions

-T After a part number means that part must be shipped Truck Freight. The prepaid order will include a $125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
-Z Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.
-R Remanufactured Part - No core charge.

***** After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

How to Read this Catalog

Part Number Example

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
50-5283	FRONT BUMPER GUARD SET-CHROME "A"	RGR BRII 89-92 (1)	$99.95
50-6400	NON-ASBESTOS BRAKE PADS-SET	RGR BRII 83-85 (1)	$59.95

The application line states that this part, **#50-5283**, fits Ranger (RGR) and Bronco II (BRII) 1989-92. The application line for part **#50-6400** states that part **#50-6400** fits Ranger and Bronco II 1983-85.

On the description line of part **#50-5283** you see "A", this means there is a special note about this particular part.

At the bottom of the page the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Note: "A" For bumpers with rubber impact strip.

Example: This note is telling you that this part, **#50-5283**, is for bumpers with a rubber impact strip.

We Care for You and Our Environment

LMC TRUCK is making a concentrated effort to provide safe delivery and keep the environment as clean as possible. We use a polystyrene "peanut" as pack fill. It is photodegradable - which means that it will disintegrate in the sun, not in a landfill. It has been produced without ozone depleting chlorofluorocarbons.

Codes have been given to identify recycling processes, check with your recycling center to see if they accept polystyrene code 6. If this "peanut" is not recycled and is sent to a landfill, it's still environmentally safe.

You may have noticed that some of your packing materials do not have our company name and logos printed on them; we use other boxes that have misprints or are overruns to help control waste and packing cost. ***LMC TRUCK*** is helping you and our environment.

How to Identify Your Transmission

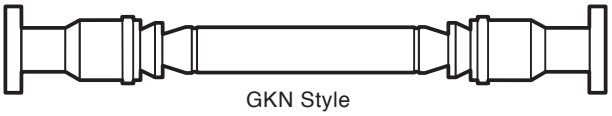

C3 Transmission **C5 Transmission**

A4LD Transmission

C3, C5 and A4LD Transmissions can be identified by the shape of the transmission pan and/or the number of pan bolts.

How to Identify Your Driveshaft

GKN Style

Spicer Style

LMC TRUCK is in no way affiliated with the Ford Motor Company nor do we intend to imply that. The name Ford is used for reference only.

Applications listed in this catalog are based on original factory information. However, variances will occur due to non-documented substitutions, and changes made during the vehicle's production.

Abbreviations

To help make your ordering easier, here is a list of the terms and abbreviations used throughout this catalog.

-T	Ships Truck Freight

I = Ipiranga	P = Twin Cities	

Numerical Sequence of Assembly
Constant A until sequence number of 99,999 is reached, then changes to constant B and so on.

1983-2011 Ranger Key Information

1983: Introduced in March 1982 as a 1983 model, built at the Louisville, Ky. plant. The Ranger was a scaled down F-Series. Double wall construction hood, doors, roof, box side and tailgate made the Ranger as sturdy as its big brother. Available as a 4x2 and 4x4, it came with three variations of 4 cylinder engines and one V6. From its introduction the Ranger was America's best selling compact truck for 8 of the next 10 years.

1984: Ranger styling was left alone. Trimwise the XLS and XLT models were offered. The Ranger S model was the stripped down value model.

1985: 232,771 Rangers were sold in 1985. A 2.3L 143 cid EFI Turbo Diesel 4 cylinder was offered. Styling remained unchanged.

1986: The new Super Cab was an immediate success. With 17 inches of additional room behind the front seat, the Ranger now had the same configuration as the F-Series.

1987: The High Rider 4x4 model was offered. It included a bed-mounted light bar, front Bush Bar, and improved handling. New styled white painted wheels were optional. All radios had an electronic display and included a clock. ABS rear brakes were standard on all models.

1988: America's best selling compact truck set a sales record of 367,212 trucks sold. The GT Package now joined the Custom, XLT and STX options. Both ground effects front spoiler and rocker panel skirting with sportier suspension made the GT package unique. 1988 was the last year of a carbureted engine, the 2.0L 122 cid, in a Ranger.

1989: A new front restyle made the Ranger style match the F-Series. Aerodynamically Flush Halogen headlights, wraparound turn signals, wraparound front bumper, all new hood and cowl and reshaped front fenders completed the update. The first Ford engine not to have a distributor was the 2.3L 140 cid EFI. It came with two spark plugs per cylinder and was the standard engine in the Ranger. All Ranger engines now came with EFI, electronically controlled fuel injection.

1990: A 4.0L 242 cid EFI V6 engine was offered and only available with the automatic overdrive transmission. The DANA 35 replaced the DANA 28 front axle.

1991: A sport model was added to the Ranger lineup with special paint, tape stripe package and special aluminum wheels. The 3.0L 183 cid EFI V6 was introduced.

1992: The big 4.0L 242 cid EFI now came with a 5-speed overdrive manual transmission. As the best-selling compact truck in America, Ford made few changes for 1992.

1993: The Ranger was completely restyled for 1993. The boxy look was dropped for a new streamlined appearance. The front end became more rounded and the front bumper wrapped around the fenders. Wheel wells became more pronounced with a wider flare. The new Flareside Splash model was introduced. Access to the cab was made easier with wider front doors. The 2.9L V6 engine was replaced with a 3.0L 182 cid.

1994: The Splash was now available as a Super Cab. For improved side impact safety, side door guard beams were added to all models.

1995: A driver's side airbag was added. All wheel ABS became standard for all four-wheel drive models and models with the 4.0L engine. A new electronic 4 speed automatic transmission was now available. The instrument panel received a facelift as well as the front grille.

1996: The Flareside bed was no longer exclusively available as a Splash model. Passenger side air bags were added as an option.

1997: A new five speed automatic transmission was offered as an option. A stereo with a single disc player was added as well as an extra power point for accessories.

1998: The Ranger increased its standard cab depth by three inches adding more legroom. The front of the truck received a new look with a new bumper, valance, grille, front lights and a steel or aluminum hood. A 2.5L 153 cid engine replaced the 2.3L engine. A wishbone type coil spring or torsion bar front suspension replaced the old coil spring Twin I-Beam. An all-electric Ranger EV was introduced for fleet sales only. The four-wheel drive could now be engaged on-the-fly with a dash switch.

1999: The Super Cab now came with four doors. The Splash model was dropped leaving available trim levels as the XL and XLT with optional sport appearance packages. A fully boxed frame now made the Ranger a tougher truck all around.

2000: Minor trim level changes were made for the Ranger in 2000. The XL received a new Trailhead package and the XLT received a new 4x4 Off-Road Group package.

2001: A new grille, front bumper, valance and crystal clear headlights gave the Ranger a custom appearance for 2001. The Ranger added a new trim level called the Edge. The Edge came standard with aluminum rims and color coordinated bumper, valance and wheel arch moldings. Both the 2WD and 4WD Edge models had the same ride height and came standard with a black vinyl floor. XLT Super Cabs now offered a premium off road package. The 4.0L OHV was replaced with a 4.0L 242 cid SOHC. Four wheel ABS became standard on all models.

2002: A fuel-efficient 2.3L 143cid DOHC engine was added and the 2.5L was dropped. A new FX4 off-road model was introduced with forged aluminum wheels, heavy-duty suspension and added skid plates. The FX4 came standard with the 4.0L engine. Standard trim levels remained the XL and XLT.

2003: A FX4 level II was introduced with a manual transfer case, a torsen® limited slip axle, heavy-duty shocks, forged aluminum wheels and stainless steel tow hooks. The Tremor trim level was added to the FX4 lineup with a 485-watt sound system.

2004: New front valances and grille designs were added to give the Ranger a rugged new look much like the F150. Interior changes were minimal. The Tremor was given a new 510-watt sound system, sporty interior design and custom cast aluminum wheels.

2005: Interior changes were minimal. Trim levels offered were the XL, XLT, Edge, FX4 Off-Road, FX4 Level II. The Tremor trim level was dropped. A stylish STX trim level was added that had a custom grille, valance, aluminum wheels, running boards, tail lights and fog lights. Ford Ranger has been distinguished as the best selling compact truck for 17 years straight.

2006: A new grille with horizontal bars, squared off mirrors and boxed in emblems now gave the Ranger the look of a small F150. Park lights and taillights were changed as well. Minor changes were made to the front bumper and fenders. The Edge was replaced by the Sport, which came in 2WD and 4WD.

2007: Minor interior changes were made. The crash safety service was upgraded. A tire pressure monitoring system and a passive anti-theft system were also added as an option. SIRIUS satellite radio and an auxiliary MP3 input jack were added to the premium sound system.

2008: A new front bumper with better aerodynamics was added to improve fuel economy. With the new front bumper, fog lights were also redesigned. The FX4 Off-Road Ranger received some performance upgrades and the FX4 LEVEL II and STX trim levels were dropped.

2009: Minor interior changes were made. Trim levels offered were the XL, XLT, Sport and FX4 Off-Road. A trailer hitch receiver became standard on all models. The 3.0L engine was dropped leaving the 2.3L and 4.0L as the two engine choices.

2010: The FX4 Off-Road model was dropped. Trim levels offered were the XL, XLT and Sport. Front seat side airbags and Roll Stability Control™ are now standard equipment on all models.

2011: No major changes were made in 2011. The last North American Ford Ranger rolled off the assembly line on Dec. 16, 2011, at Ford's Twin Cities Assembly Plant in St. Paul, Minnesota. Over 7 million Rangers were built since 1982.

Vehicle Identification Number

Bronco II 1984-90

Where to Find Your Vehicle Identification Number (VIN)

For the Bronco II the VIN plate is visible through the driver's side of the windshield.

Vehicle Identification Number - 1FMBU12T5GZA00,001

1 F M B U 12 T 5 G Z A00,001

Nation of Origin
1 = USA 2 = Canada

Manufacturer
F = Ford Motor Company

Type of Vehicle
M= Multipurpose Vehicle

Gross Vehicle Weight Range
A = Up to 3,000 lbs
B = 3,001 to 4,000 lbs
C = 4,001 and up

Model or Line
U = Bronco II

Chassis & Body Type
12 = 4x2 Bronco II
14 = 4x4 Bronco II

Engine Type

E = 2.3 Liter Diesel	4-Cylinder	Bronco II 1985-87
S = 2.8 Liter	6-Cylinder	Bronco II 1984-85
T = 2.9 Liter	6-Cylinder	Bronco II 1986-90

Check Digit
(Internal Usage)

Model Year
E = 1984 G = 1986 J = 1988 L = 1990
F = 1985 H = 1987 K = 1989

Assembly Plant
C = Ontario Truck: Oakville, Ontario, Canada
H = Lorain, Ohio
K = Claycomo, Missouri P = Twin Cities
L = Wayne, Michigan U = Louisville, Kentucky
N = Norfolk, Virginia Z = St. Louis, Missouri

Numerical Sequence of Assembly
Constant "A" until sequence number of 99,999 is reached, then changes to constant "B" and so on.

1984-1990 Bronco II Key Information

1984: The Bronco II was the 4x4 midsize equivalent of the full size Bronco. The same double wall construction hood, doors, roof, box sides and tailgate as the full size Ford. The Twin Traction Beam front axle, 4-speed manual transmission, and 2.8L 170 cid V6 were standard.

1985: Styling was carried over, now standard full instrumentation, transfer case skid plates and a 5-speed transmission. Optional was the 2.3L 143 cid EFI 4 cylinder Diesel engine.

1986: The 2.9L 179 cid EFI V6 replaced the original 2.8L 170 cid engine. A multiple of exterior colors and two-tone paint scheme were optional.

1987: ABS rear wheel braking is now standard on all models. 4x2 two-wheel drive was now available. Optional electric transfer case shifting and Touch Drive were now available.

1988: The XL Sports model was now available. White-lettered tires, deep-dished cast aluminum wheels, tachometer, brush/grille guard, fog lights, black front bumper and black tubular rear bumper combined to make the XL a cool off-the-road truck.

1989: A completely restyled front end was similar to the F-Series design. Automatic transmission shift linkage moved to the steering column. A floor-mounted, rear seat heater was only available on the Bronco II.

1990: No major changes, for this was a short production year, ending in February 1990. This made way for the longer and wider 1991 Explorer to be introduced.

Gift Cards Now Available

Call (800) 562-8782 to Order

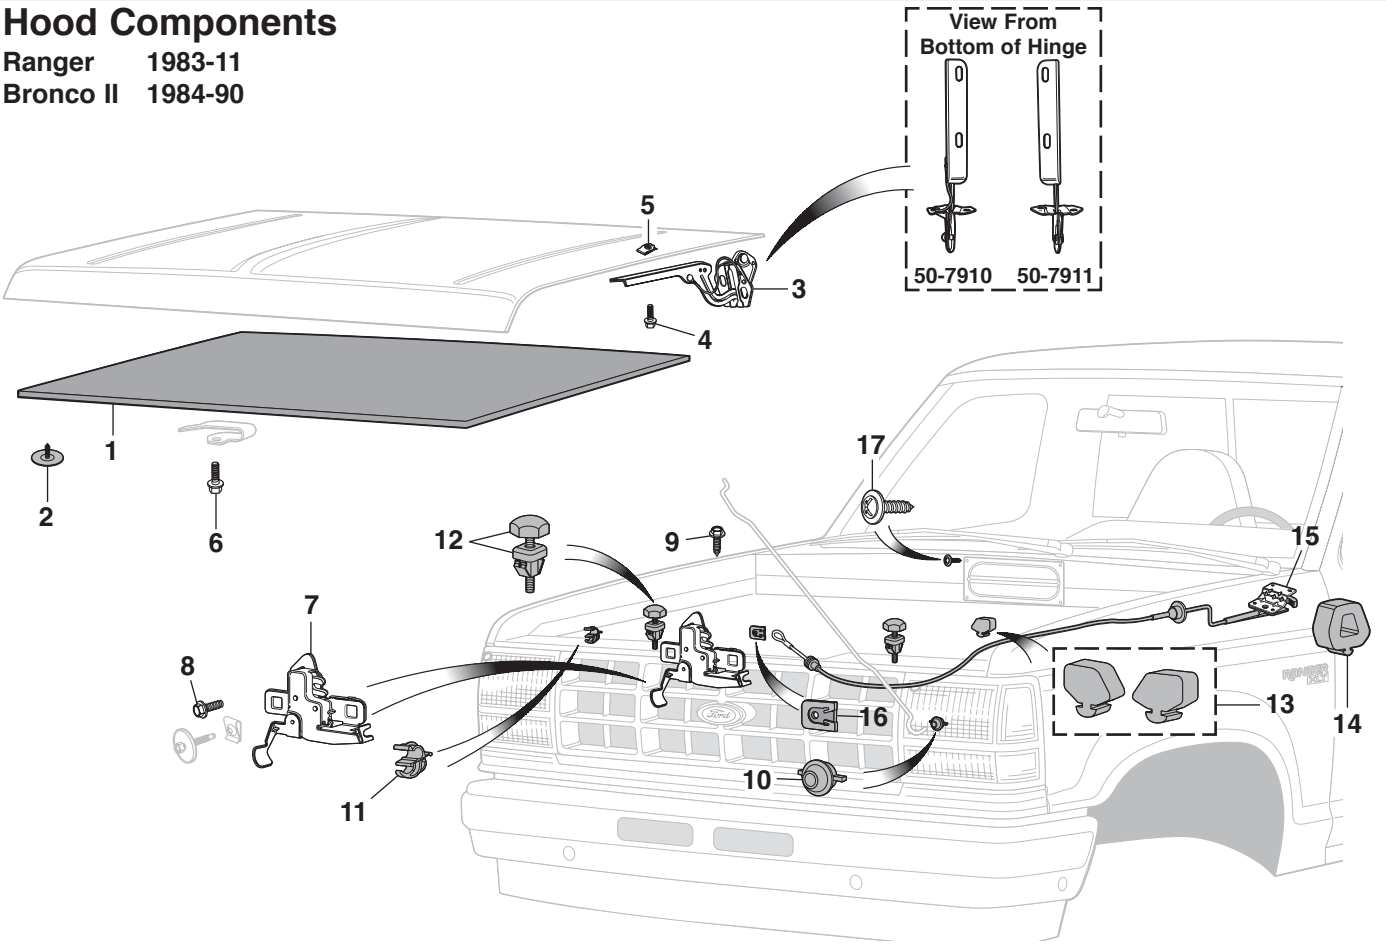

Available for $25 - $50 - $75 - $100

- Gift Cards are the perfect gift to ensure you are giving exactly what they want!
- Gift Cards don't expire.
- Now with FREE Ground Delivery… Second Day and Next Day air delivery are available with additional charges.
- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

Steel Body Panels and What to Expect

LMC Truck inspects each piece of sheet metal shipped and takes careful steps to package your parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered to you before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a $125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous semi-gloss finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

37-8411	POR-15 BLACK PAINT-1 PINT	$31.95
37-8412	POR-15 BLACK PAINT-1 QUART	$49.95

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION		PRICE
37-8415	METAL-PREP	1 QUART	$16.95
37-8416	METAL-PREP	1 GALLON	$34.95

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1200°F and resist cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION		PRICE
37-8484	HIGH TEMP PAINT-GRAY	8 OZ	$18.95
37-8485	HIGH TEMP PAINT-ALUM	8 OZ	$18.95

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION		PRICE
37-8413	CLEANER DEGREASER	1 QUART	$11.95
37-8414	CLEANER DEGREASER	1 GALLON	$22.95

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

37-8480	BED LINER	1 QUART	$28.95
37-8481	BED LINER	1 GALLON	$109.95

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

37-8488	FUEL TANK SEALER	1 PINT	$23.95
37-8489	FUEL TANK SEALER	1 QUART	$40.95

Adhesive/Stripe Eraser Wheel

38-1314

Easily remove decals, pinstriping and adhesive tape residue without damaging your paint! This 3-1/2" diameter eraser wheel includes the arbor and is designed for use in air or electric drills at speeds up to 4000 rpm.

PART	DESCRIPTION	PRICE
38-1314	ADHESIVE/STRIPE ERASER WHEEL	$14.95

Plug Weld Pliers

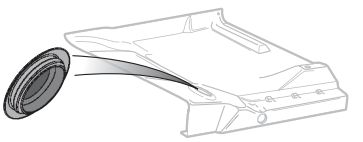

38-1318

Spot weld your new rockers or other body panels with ease and have a factory style weld to show for it. The Plug Weld Pliers feature locking jaws and a replaceable copper alloy pad to prevent burn through. Replacement pads sold below.

38-1318	PLUG WELD PLIERS	$29.95
38-1319	REPLACEMENT PAD	$8.95

Sheet Metal Plugs

These flush mount Sheet Metal Plugs close unused holes in firewalls, floor pans and doors. Plugs are made of plastic and easily snap into 14 to 26 gauge sheet metal. Available in multiple sizes to fit 3/8" to 1" diameter holes.

PART	DESCRIPTION	PRICE
30-1972	SHEET METAL PLUG 3/8" HOLE	$.95
30-1966	SHEET METAL PLUG 1/2" HOLE	$.95
30-1973	SHEET METAL PLUG 5/8" HOLE	$.95

Hand Riveter Set ... Makes Rivet Installation Easy

38-1239

38-1289

The Hand Riveter Set works great for body clips, door components, ID plates and sheet metal repairs. Comes with four nosepieces (3/32", 1/8", 5/32" and 3/16") and a wrench inside the gun's handle. 60 blind rivets included.

The Heavy-Duty Hand Riveter Set features extra long handles to give you more leverage setting rivets. A collection bottle keeps the workplace safe and clean. Includes 3/32", 1/8", 5/32", 3/16" nosepieces, plus 1/4" for larger projects like installing brackets and window regulators. Comes with a wrench and 50 blind rivets.

PART	DESCRIPTION AND APPLICATION	PRICE
38-1239	HAND RIVETER SET	$8.95
38-1289	HAND RIVETER SET-HEAVY DUTY	$24.95

Kevin Tetz Paintucation DVDs

Paintucation DVD Set: Contains all five Paintucation DVDs to help you repair and restore your vehicle's body from start to finish.

PART	DESCRIPTION AND APPLICATION	PRICE
38-0344	PAINTUCATION DVD SET	$129.95

Paint Your Own Car II: Features in-depth instruction on priming, blocking, sanding and masking techniques, as well as spray gun techniques and training guides. New waterborne basecoat is demonstrated, as well as solvent basecoat, primer surfacer and clearcoat techniques. 110 minutes

PART	DESCRIPTION AND APPLICATION	PRICE
38-0345	DVD-PAINT YOUR OWN CAR II	$29.95

Body Shop Basics: Provides fundamental information about basic tool selection, simple dent repair, blending colors, gun technique, proper safety techniques and surface defect repair. 90 minutes

PART	DESCRIPTION AND APPLICATION	PRICE
38-0347	DVD-BODY SHOP BASICS	$29.95

Color Sanding & Buffing: Explains what to do after the paint is dry and shows the difference between a "show" finish and a daily driver finish. Run repair techniques are shown in detail, as well as reviving old paint. Shows updated techniques using state-of-the-art compounds and pneumatic sanding systems designed to take the labor out of achieving a show-quality paint finish. 65 minutes

PART	DESCRIPTION AND APPLICATION	PRICE
38-0349	DVD-COLOR SANDING&BUFFING	$29.95

Metal Prep & Rust Repair: Demonstrates stripping metal with chemicals and sanders and illustrates fixing a rust patch from start to finish. Metal finishing and body filler techniques are shown, as well as surface rust removal, conversion and primer application. 75 minutes

Steel Body Panels and What to Expect

LMC Truck inspects each piece of sheet metal shipped and takes careful steps to package your parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered to you before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

*After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

3-in-1 Truck Ties

37-7496

Tested to -20°F and 165°F, these 3-in-1 Truck Ties are made in the USA from durable nylon plastic and are designed to fit into the stake pockets of your truck in three different ways: by installing with the ring side facing the truck bed so multiple cargo straps can be used; with the cleat side facing the truck bed to keep tension in the rope each time it is looped around the tie; or by covering the load with a tarp over the stake pockets and inserting the truck ties into the stake pockets over the tarp (rated for highway speeds).

Ties can be installed and removed with no drilling or modifications necessary.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
37-7496	3-IN-1 TRUCK TIES-PAIR	STYLESIDE	A/R	$24.95

Tie Down Anchors ... Easy to Use In and Out

Stationary Anchor Points

38-3237

38-3238

Tie Down Anchors install and uninstall in minutes with no tools required. Insert heavy-duty Tie Down Anchor into stake pocket hole and turn the eyebolt to expand the rubber block. Two loop styles to choose from: chrome-plated loop #38-3237 or standard zinc-plated loop #38-3238. Both styles have metal top plates and a rubber liner underneath to protect the truck's finish. Sold individually.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
38-3237	TIE DOWN ANCHOR-CHROME LOOP	RANGER	83-11 4/6	$6.95
38-3238	TIE DOWN ANCHOR-ZINC LOOP	RANGER	83-11 4/6	$4.95

Movable Anchor Point

38-3239

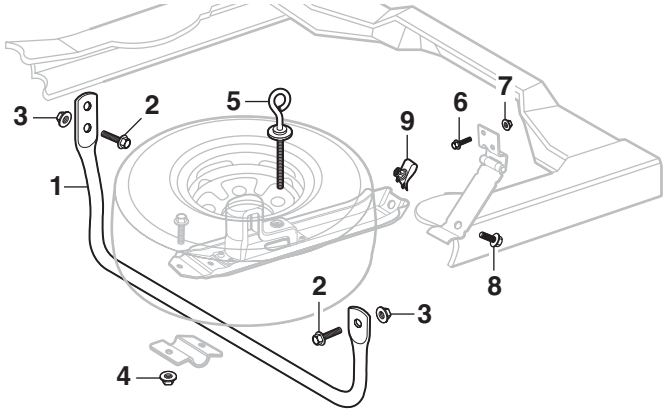

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl coated and will not rust or scratch the truck's finish. Can be used with "under the rail" style bed liners.

Steel Body Panels and What to Expect

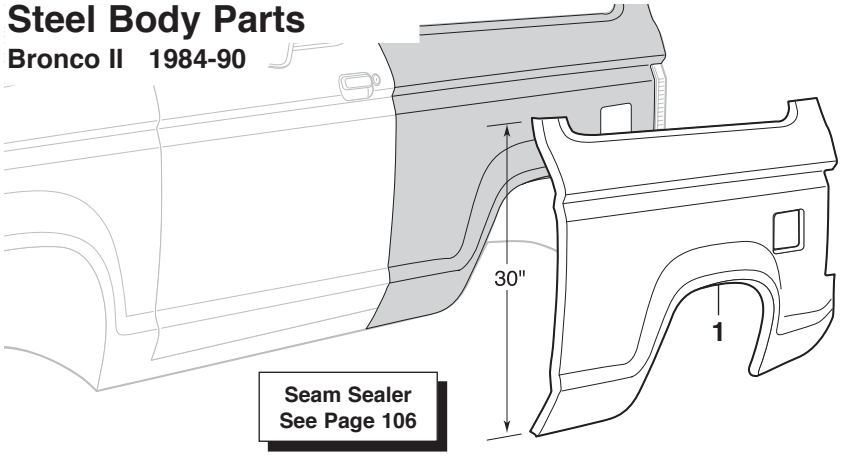

LMC Truck inspects each piece of sheet metal shipped and takes careful steps to package your parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered to you before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

***** After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

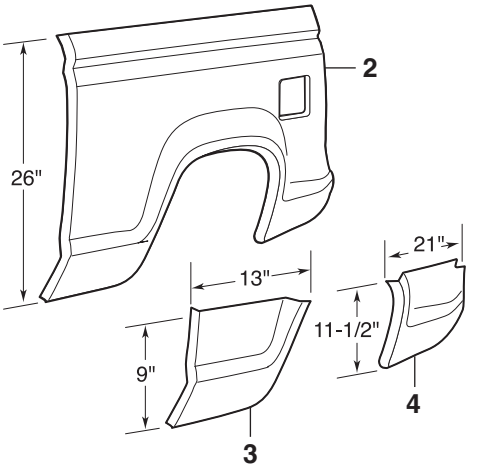

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a $125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Liftgate Components

Bronco II 1984-90

Signs of strut failure are: liftgate/window will not stay in the full open position, especially in cold weather, and difficulty in lifting the liftgate/window.

Tech Tip

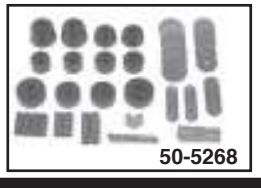

Always replace lift struts in pairs to prevent twisting caused by uneven loads.

Polyurethane Cab Mount Bushing Set

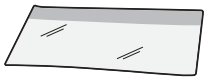

Rubber cab mount bushings have a soft and forgiving ride, but they will crush, harden and crack over time. These polyurethane bushings are specially formulated to be more durable and last much longer than rubber mounts. Order today!

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
50-5265	CAB MOUNT BUSHING SET	RANGER	83-97 (1)	$59.95
50-5268	CAB MOUNT BUSHING SET "A"	RANGER	98-11 (1)	$249.95
50-5266	CAB MOUNT BUSHING SET	BRONCO II	84-90 (1)	$99.95

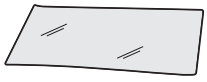

Note: "A" Includes mounting hardware.

Window Installation Tips:

1. Fit your new window rubber to your cab first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

SHADED Windshield has a full light green tint with a dark band at the top of glass.

TINTED Windshield has a full light green tint to glass.

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

38-0796

PART	DESCRIPTION	PRICE
38-0796	WINDSHIELD STICK	$1.95

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

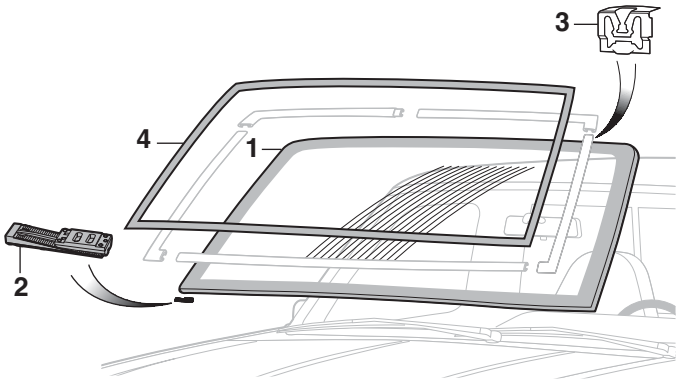

38-0783

PART	DESCRIPTION	PRICE
38-0783	GLASS SEALANT 1.5 OZ TUBE	$5.95

Windshield and Molding

Ranger 1983-11
Bronco II 1984-90

These windshields are attached with urethane adhesive. Professional installation is required. Contact your local glass installer for installation.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a $125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Body Gap Filler Set

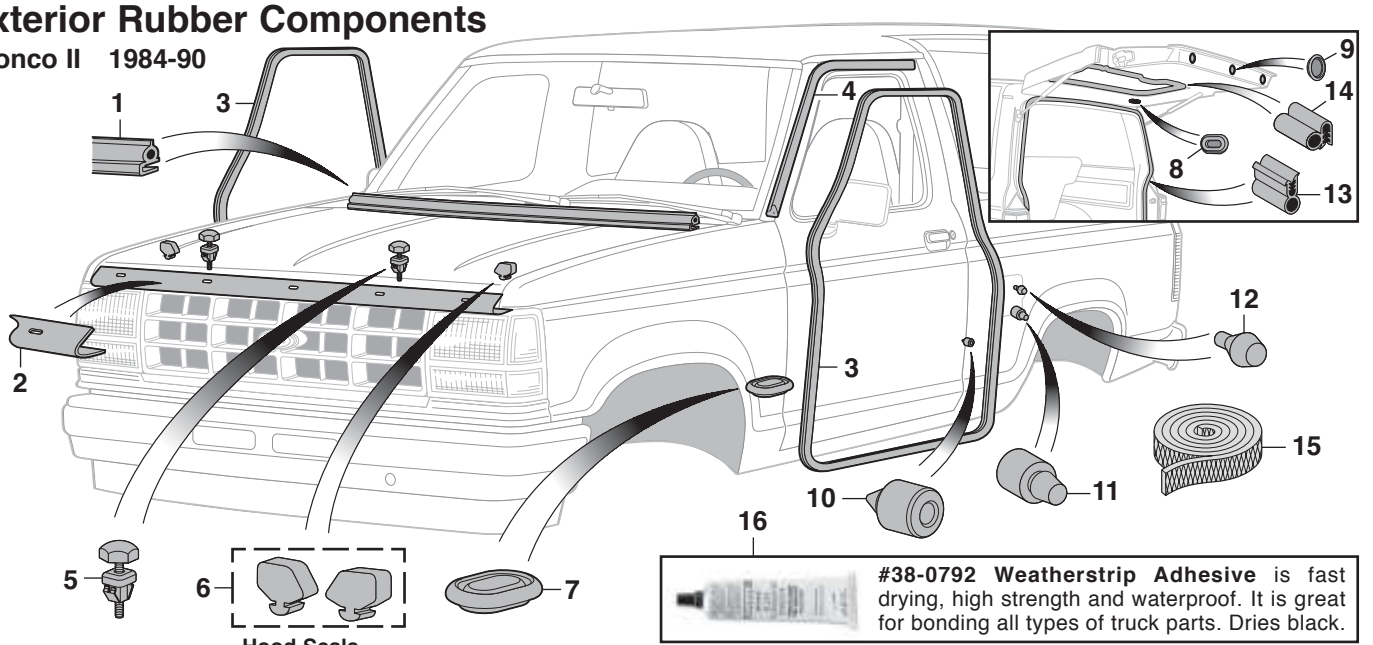

Body Gap Filler Set covers the gap between the frame and the bed of the truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber, each piece measures 33-1/2" long by 4-3/4" wide and must be sized and cut to fit. Drilling is required for installation. Mounting hardware and installation instructions are included.

Seat Heater Kits … Warm Yourself Up Before Your Truck Warms Up

Seat Heaters are constructed with patented carbon fiber heating elements which give consistent and controlled warmth. Paper thin heating elements are water-resistant and install between any seat cover material and seat cushion. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and instructions.

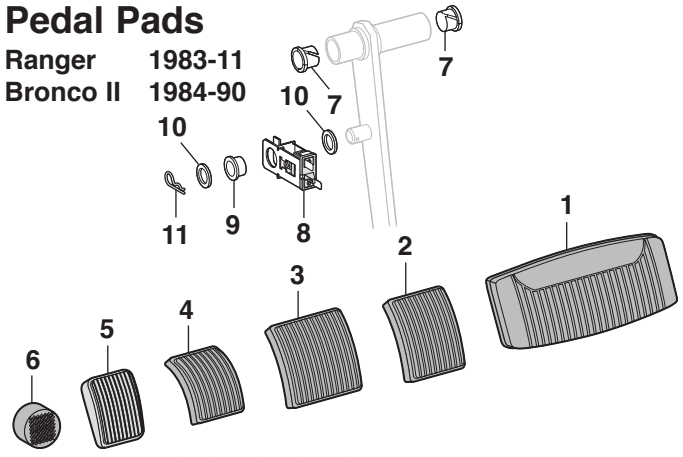

#38-2198 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

#38-2199 contains two 11" x 22" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bench seat applications.

PART	DESCRIPTION AND APPLICATION	PRICE
38-2198	HEATER - 11 X 11 ELEMENTS	$99.95
38-2199	HEATER - 11 X 22 ELEMENTS	$119.95

"B" For models with power brakes.

Bench and Bucket Seat Rebuilding Kits

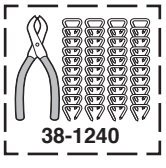

Seat Rebuild Kits contain the necessary parts to correct seat conditions such as missing padding; weakened, sagging or broken springs; and uneven seating areas. May also be used for preparing seats prior to installation of seat covers or replacement upholstery covers or to correct a condition under existing upholstery.

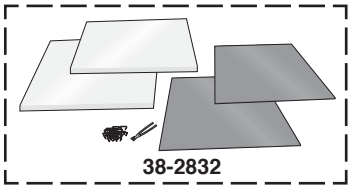

#38-2831 Bench Seat Kit:
- 24" x 60" Foam Sheet
- 20" x 60" Reinforcement Material
- 1 Pair of Hog Ring Pliers
- 100 Hog Rings
- 2 Steel Rods and Instructions

38-2831	BENCH SEAT REBUILDING KIT	RGR BRII	83-03 A/R	$34.95
38-1240	HOG RING KIT W/PLIERS	100PC	A/R	$5.95

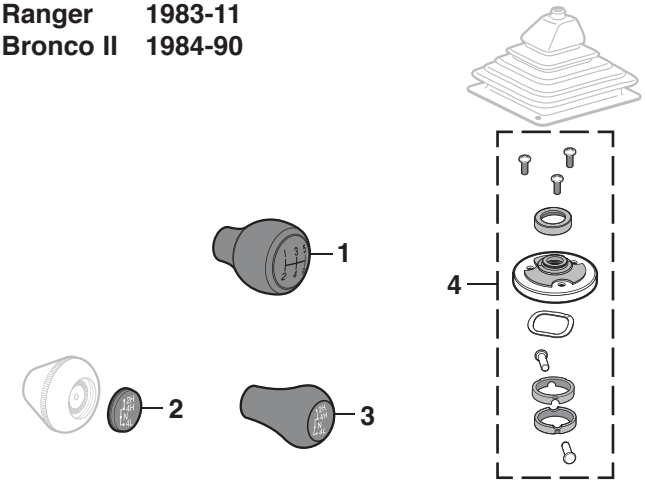

#38-2832 Bucket Seat Kit:
- 2 Foam 24" x 24" Sheets
- 2 Reinforcement 18" x 20" Material
- 1 Pair of Hog Ring Pliers
- 100 Hog Rings
- Instructions

A-Pillar Gauge Pods

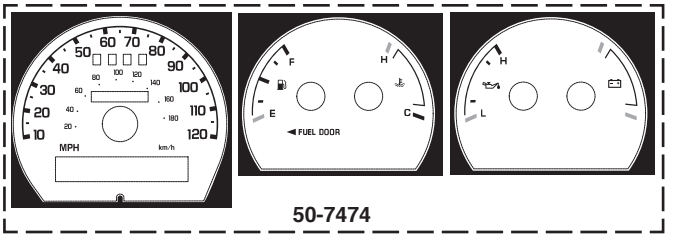

50-8790

Gauge Pillar Pods offer a unique mounting solution for 2-1/16" gauges. Each pod is custom molded for an exact fit using black ABS plastic that can be painted to match your interior.

Pillar Pods mount directly to the A-pillar without cutting. Gauges sold separately.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
50-8790	GAUGE POD - DUAL RANGER	93-02 (1)	$44.95

White Face Gauge Overlays

50-7474

White Face Gauge Overlays are computer printed on vinyl and pre-cut for a precise fit. They install easily over stock gauge faces without removing the gauge needles (except clock) and use the stock gauge lighting. No worries of broken needles or need for recalibrating gauges. Overlays will not wrinkle or bubble in hot or cold temperatures and can be removed with direct heat. Installation instructions included.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
50-7470	WHITE GAUGE OVERLAY SET W/TACH RGR BRII	83-88 (1)	$24.95
50-7471	WHITE GAUGE OVERLAY SET W/TACH RGR BRII	89-92 (1)	$24.95

NotcHead Line Clamps

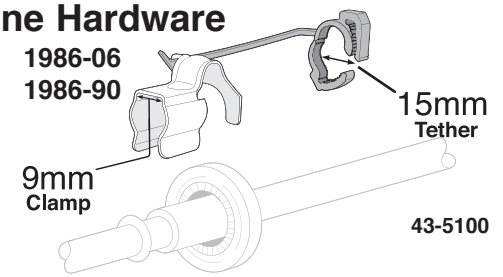

NotcHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

"B" With coil spring front suspension.

50-5264

Performance Sway Bars Give You Bolt-On Handling and Control … Drive Faster Through Turns with Improved Traction

50-4830

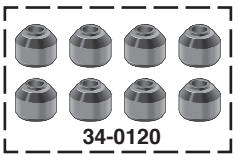

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
Front Sway Bar				
50-4830	FRONT SWAY BAR	1" RGR BRII	83-88 (1)	$239.95

% Increase in Resistance

Sway Bar	1"	319%	171%
Stock Bar	3/4"	7/8"	16"

Improve the handling ability and cornering traction of your vvehicle with a Performance Sway Bar. Too much weight transfer in a corner destroys a vehicle's road-holding ability, causing the wheels to "drift" or "creep" sideways in the turn, resulting in poor handling and excessive tire wear. Sway bars give your vehicle the balance and stability it needs in curves, passing situations and uneven surfaces.

Performance Sway Bars are fully forged from hardened, high carbon steel and powder coated black for durability. Sway bars come with urethane end link and frame bushings. Brackets included for end link style attachment.

34-0120

Urethane End Link Bushing Set is a replacement for end link style bushings. These non-compressing bushings allow sway bars to exert maximum control and do not collapse like normal rubber bushings.

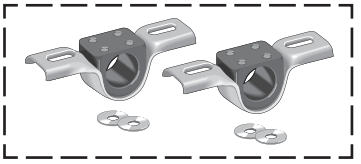

34-0120	URETHANE END LINK BUSHING SET	SET OF 8	$19.95

Urethane End Link Kit includes heavy-duty end link hardware with urethane bushings that have less deflection and last longer than standard bushings.

Front End Link Kit 50-4840

50-4840	END LINK KIT-FRONT	RGR BRII	83-88 (1)	$19.95
50-4841	END LINK KIT-FRONT	RANGER	89-97 (1)	$19.95
29-4840	END LINK KIT-REAR	RGR BRII	83-88 (1)	$19.95

Urethane Frame Bushing Set includes heavy-duty brackets and urethane bushings that reduce "give" compared to rubber bushings. Applicable to almost all sway bars that attach with standard style frame bushings and brackets.

PART	DESCRIPTION AND APPLICATION			PRICE
34-0122	URETHANE FRAME BUSHING SET	7/8"	SET OF 2	$19.95
48-2240	URETHANE FRAME BUSHING SET	1"	SET OF 2	$11.95
34-0124	URETHANE FRAME BUSHING SET	1-1/8"	SET OF 2	$19.95
34-0121	URETHANE FRAME BUSHING SET	1-1/4"	SET OF 2	$16.95

3" Body Lift Kit … Makes Room for Larger Tires

50-5450

A Body Lift spaces the body away from the frame to make room for larger tires without altering the suspension. Body Lift Kit includes reinforced nylon spacers, compression tested to 50,000 psi, plated grade 5 hardware and steering shaft extension.

Since the stock suspension is not affected, and larger tires are normally part of the plan, new shocks are recommended.

Read This: Installation of a body lift will change the center of gravity and the handling characteristics of the vehicle. Because of the higher center of gravity and larger tires, the vehicle will handle and react differently both on and off road. You must drive it safely! Extreme care must be taken to prevent vehicle rollover or loss of control, which could result in serious injury or death. Avoid sudden sharp turns or abrupt maneuvers and always make sure all vehicle occupants have their seat belts fastened.

Premium Window Handle Sets are manufactured with high-quality black oxide steel inserts and three set screws for maximum shaft grip strength. Handles are 4-5/8" long for greater leverage and feature smooth beveled edges for a comfortable grip. Available in a black anodized finish with machined accents or polished finish. Proudly made in the USA.

Replacement Door Panel Sets

Ranger 1983-88
Bronco II 1984-88

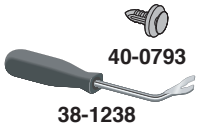

These are replacement door panels, not reproductions of the originals. Replacement Door Panels are made from molded heat-resistant plastic then painted in available colors with an ultraviolet inhibitor to prevent sun damage. Door Panels are sold in sets of two.

Reuse the existing armrests and install them on the new door panels. Installation hardware and instructions are included.

Fastener Removal Tool effectively removes the plastic fasteners found on most door panels. Working end is offset for ease of access.

Highliner with Built-In Speakers ... For a Stereo System Above the Rest

50-5101-BL

Match the Color of Your Interior with ColorBond - See Page 52

Highliner uses four built-in, uniquely placed speakers which guarantee true stereo separation as well as less distortion and ensures clarity at lower volume levels by neutralizing the echo effect found in most pickups. Radio console is designed to accept optional aftermarket stereo cassette players, CD players or CB radios.

Highliner is manufactured from high-impact, leather-grained, black ABS plastic and can be painted to match the color of the interior. It installs easily and includes four 4" air suspension speakers with a 5.8 ounce magnet, which handles up to 10 watts of power. Features high-temperature resistant voice coils and comes with foam speaker baffle and suppression pads, antenna extension cable, bezel plate, installation hardware and instructions.

*After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

ABS Plastic Headliners ... The Long-Term Solution to Sagging Headliners

Ranger 1993-97

- **Easy Installation**
- **No Special Tools**
- **Instructions Included**

50-8825-GR

The original headliners are made of pressed foam board. Over time the headlining material separates from the foam board and falls down with the foam board usually deteriorated beyond repair. These ABS plastic-backed headliners are a simple, cost-effective, long-term solution to this problem.

Headliners are vacuum-formed ABS plastic covered with foam-backed cloth materials in colors that fit and function as original.

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

Just $15.95 each

Dark Red #37-8384 | Black #37-8375 | Tan #42-0770 | Blue #37-8382 | Gray #37-8383

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics
- Carpet
- Cloth Upholstery

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

#37-8396
$15.95
12 oz. Can

ColorBond Satin Clear Coat provides a protective finish that won't wash off. Protects against fading, cracking and heat deterioration.

#37-8395
$15.95
12 oz. Can

ColorBond Adhesion Promoter is required for the use of ColorBond on materials such as Polypropylene, Thermoplastic Elastomer, Polyolefin, Fiberglass and metal.

Black Underhood Paint

#37-8367
Black
$15.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

Prep/Cleaner

#37-8399
$10.95
12 oz. Can

ColorBond Prep/Cleaner is a fast drying non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

Exterior Trim Paint

#37-8361
Black
#37-8362
Silver
$17.95
12 oz. Can

ColorBond Exterior Trim Paint has all the innovative features of ColorBond Interior Paint but is specially formulated to provide a stronger, more durable bond for exterior trim use. Exterior Trim Paint delivers a superior finish to exterior trim plastics and painted metal trim including: bumpers, mirrors, fender flares, wiper arms and window trim. Each 12 ounce can covers 6 square feet. Use ColorBond Adhesion Promoter #37-8395 prior to application for a long-lasting finish.

Spitshine Tire Black and Silver Rally Wheel Paint ... Bring Back the Shine

#37-8370
$15.95

#37-8365
$15.95

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

ColorBond Rally Wheel Paint is a specially formulated acrylic lacquer that provides a brilliant silver finish to the original rally wheels and withstands temperatures up to 250°F. Each 12 ounce can covers 6 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

All MIP mats are only available in black.

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
50-8725	MIP FLOOR MAT	STANDARD CAB RANGER	83-97 (1)	$159.95

Floor Liners ... Tough and Durable Protection for Your Truck

Floor Liners protect your truck's carpet from water, snow, mud and most chemicals. Molded for an exact fit from a patented rubberized thermo-plastic material, guaranteed not to crack or break. Raised outer rim traps up to 2 gallons of liquid. Driver's side mat is equipped with an extra thick heel pad to offer heel protection and guard against wear in this high use area. Floor mats conform to the shape of your vehicle's floor and have an anti-slip back. Cleanup is easy, just wipe up small areas with a cloth or remove the mat and hose it off.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE

Rubber Floor Mat is One Piece Replacement for OE Mats

Black rubber floor mat is one-piece, molded full replacement of the OE mat. Easy to install. Call or go online and order today!

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
50-4790	RUBBER FLOOR MAT	STD CAB RANGER	83-97 (1)	$169.95

This 1/4" thick synthetic Insulation Material is similar to the insulation used in today's trucks. It also makes a great sound deadening material when used underneath rubber floor mats or wherever your truck needs extra insulation.

38-2830	INSULATION MATERIAL	3FT X 6FT	ROLL	CUT TO FIT	$14.95

Sound Control Mat

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Easy to cut and bend the 2mm thick sheet to conform to contoured surfaces, just peel and stick. Each sheet measures 21" x 29".

Roller ensures proper adhesion and features a 2" wide rubber roller with a plastic handle.

PART	DESCRIPTION AND APPLICATION			PRICE
38-2819	SOUND CONTROL MAT	1 SHEET	4.22 SQUARE FEET	$18.95
38-2809	SOUND CONTROL MAT	10 SHEETS	42.2 SQUARE FEET	$169.95
38-2816	ROLLER-SOUND CONTROL MAT		2" WIDE	$8.95

Molded Carpet ... Fits and Looks Like Original

Cut pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat, page 54, for maximum sound deadening. Call or go online and order both today! Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0792 Weatherstrip Adhesive to easily install Insulation Material.

47-0253	HALOGEN BULB-BLUE BRONCO II HEADLIGHT	89-90 (2)	$12.95

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

LED Bulbs

36-0362

36-0368

36-0371

47-0193

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

LED Third Brake/Cargo Light ... The Future of Automotive Lighting

47-4025 Clear

47-4034 Smoke

47-4025 Lighted Brake/Cargo

47-4034 Lighted Brake/Cargo

LED Third Brake/Cargo Lights are for models originally equipped with cargo light option.

New technology previously available only on high-end luxury cars is now available for trucks! This third brake light quickly alerts other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs, which translates to a gain of 20+ feet of reaction distance.

Additional LED benefits:
LED lights have no filament, which means they are less sensitive to vibrations and can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system, and less heat is emitted.

LED Third Brake/Cargo Light is a direct replacement for stock unit and is made to factory specifications. No modifications needed. Features LEDs for brake and cargo lights.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
47-4025	LED 3RD BRAKE/CARGO LIGHT-CLEAR	RANGER	93-05 (1)	$49.95

38-1074	CAB ROOF 5 LIGHT KIT	CLEAR CHROME	(1)	$64.95
36-0202	BULB	AMBER	(5)	$1.95

Cab Roof Light Kits are available in amber or clear. Kits meet SAE specifications when used with included bulbs. The two outside lights (clearance lights) and three inner ones (marker lights) give oncoming traffic a visual fix on the truck for additional safety. All kits come complete with lights, bulbs, wire harness, quick splice connectors and a dash mount panel with toggle switch plus indicator light which allows the Cab Roof Lights to be operated independently of the headlights.

LED Cab Roof Light Kit benefits:
LED lights have no filament, which means they are less sensitive to vibrations, and they can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load on the truck's charging system, and less heat is emitted.

LED Tail Light Set ... The Future of Automotive Lighting

Electronic Flasher
See Page 56

50-4744

New technology previously only on high-end luxury cars is now available for your truck! These tail lights quickly alert other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs which translates to a gain of 20+ feet of reaction distance!

Additional LED benefits:
LEDs have no filament, which means they are less sensitive to vibrations, and they can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system and less heat is emitted. Tail lights are a direct replacement for stock tail lights and are made to factory specifications. No modifications to fit required. They feature LEDs for brake lights, parking lights and turn signals. Use stock bulbs, sold separately, for the backup lights.

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

LED Utility Light Bar

37-7495

LED Utility Light Bar has a 300mA draw at 12.8V. 7W output at 12.8V, which provides more light to the cargo area, and features two removable flashlights. Each rechargeable flashlight features four operating modes (flashlight, work light, combo and flashing) and an integrated hook for easy placement. Flashlights charge when vehicle is running or require 3.5 hours of charge time and can be used four to six hours, based upon function. Measures 50" long with 90 high output LED lights in the main body and 21 in each flashlight. Mounting tape and instructions are included.

PART	DESCRIPTION AND APPLICATION		PRICE
37-7495	LED UTILITY LIGHT BAR-50"	W/2 FLASHLIGHTS	$84.95

LED Tailgate Lights ... For Increased Safety with Style

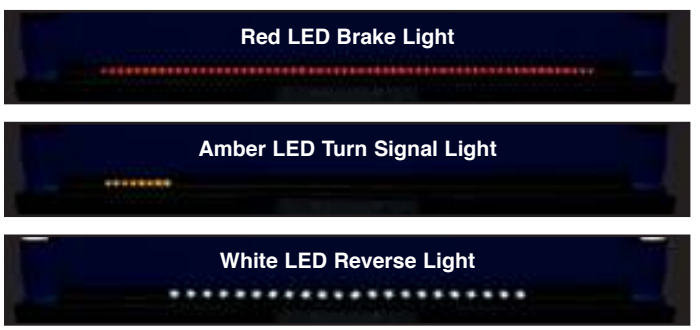

Red LED Tailgate Light

LED Tailgate Light turns on with the tail lights, brightens with the brake lights and flashes with the turn signals. Mounts in the space between tailgate and bumper with included self-stick tape; no drilling required. Simple hook-up with attached 4-prong adaptor that connects to factory hitch plug or can be hardwired, if required.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
37-7328	LED TAILGATE LIGHT-RED	49"	(1)	$39.95

3 Color LED Tailgate Light

This 3 Color LED Tailgate Light offers full-length, dual-brightness red LEDs for running lights and brake lights; outer amber LEDs for turn signals; and a wide center section of white LEDs for reverse lights. Mounts in the space between tailgate and bumper with included self-adhesive tape; no drilling required. Includes 4-prong adaptor for easy hook-up to factory hitch plug or can be hardwired for a permanent solution. A power and reverse light wire will need to be connected to the control box for proper function.

Chrome Rear Step Bumpers ... Style and Utility All in One

Ranger 1983-11

Chrome Rear Step Bumpers give your truck the ability to tow up to 300 pounds tongue weight and 3,500 pounds trailer weight. These bumpers offer the ease of bolt-on installation, the convenience of a step and come complete with rear license plate lamps. Do not exceed truck manufacturer's recommended towing capacity. A Bumper Mounting Kit #29-0050 is required when installing these rear bumpers.

Chrome Rear Step Bumper - Star-Lite

Made Exclusively for LMC Truck, this Chrome Rear Star-Lite Step Bumper has a diamond tread on top for sure footing when bumper is used as a step. The internal mounted Backup Lights look great and make it safer to back up truck by illuminating a larger area, making it easier to see hazards.

29-5287	CHROME STEP BUMPER-STAR-LITE	STYLESIDE 83-11 (1)	$229.95*
29-0050	BUMPER MOUNTING KIT	STYLESIDE 83-11 (1)	$29.95

Replacement Backup Light

Lights can be easily spliced into the existing backup light wires so they will come on each time you shift into reverse. The additional light is excellent for hooking up trailers or boats in the dark since they are located closer to the hitch area.

36-4416

However, in some cases factory wiring may not transfer enough power to properly illuminate the lights. For full illumination install a Backup Light Wiring Kit (sold separately #36-0735).

36-4416	REPLACEMENT BACKUP LIGHT-W/LENS		(2)	$9.95
36-4206	REPLACEMENT LENS	FITS 36-4416 LIGHT	(2)	$2.95
36-0227	REPLACEMENT BULB	FITS 36-4416 LIGHT	(2)	$.95

Backup Light Wiring Kit

The wiring kit includes a separate switch, enabling you to turn the lights on and off, eliminating the need and danger of having to leave the vehicle in reverse to utilize the lights.

Backup Wiring Kit #36-0735 Includes:
- Illuminated rocker switch
- 30 amp relay
- 15 amp in-line fuse
- Connectors
- Wires

36-0735

36-0735	BACKUP LIGHT WIRING KIT	RANGER	83-11 (1)	$19.95

*After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 GOOD $59.95 each

For Moderate Weather Conditions

Durable synthetic fabric has the look and feel of more expensive covers. Water resistant, yet breathable and features double-stitched seams for maximum strength.

Ford Pickup and SUV

#29-8950	Std Cab Shortbed	1983-11
#29-8951	Std Cab Longbed	1983-11
#29-8952	Super Cab	1986-11
#29-8954	Bronco II	1984-90

LMC 3000 BETTER $99.95 each

Superior Protection at a Great Value

Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours and provides a soft cushioning layer that protects your paint. No-leak construction is achieved through ultrasonic welding, and UV-stable materials ensure a long life, making them ideal for long-term vehicle storage.

Ford Pickup and SUV

#29-8960	Std Cab Shortbed	1983-11
#29-8961	Std Cab Longbed	1983-11

Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

50-9914-T
Dual Cowl Hood

Cowl Induction Steel Hood helps cool the engine for increased airflow and increased performance. The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air. Hoods are made from primed high-quality steel with full inner frame that reuses original factory latch and hinges for an easy bolt-on application and must be painted.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a $125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Flexy-Flares™ ... To Cover Those Wide Tires

Flexy-Flares™ provide protection from mud, dirt, gravel and salt and are a necessity in many states where wide tires must be covered by a fender. Constructed from EDPM synthetic rubber, they won't crack, peel or droop in extreme temperatures. These heavy-duty flares use a wire insert on outer edge for extra strength and added rigidity, and the built-in curvature allows the flare to fit the fenderwell without wrinkles or buckling. Flexy-Flares™ extend your fenders 3" and come with hardware packs for easy installation. **Set of 4**

Tuff Truck Bag

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x 50"x 22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

Rail-Guards Provide Protection for Your Truck's Bed Rails

Rail-Guard is made of impact absorbing heavy-duty vinyl to protect your truck's bed rails. No drilling required. The full width 3M™ adhesive over the entire backside ensures maximum holding and means no condensation and dirt under the Rail-Guard. Can be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22 foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6 foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6 foot roll of 3-3/4" material. Must be sized and cut to fit.

Tailgate Rail-Guard Also Available Separately

Bed Mat and Tailgate Mat Protect Your Truck

Limited Lifetime Warranty

This rugged, virtually indestructible black Bed Mat is made with 3/8" thick cord-reinforced rubber for optimum tear strength and protects the truck's bed against dents, scratches, chemical spills and shifting loads. Also available is the Tailgate Mat made from the same durable cord-reinforced rubber as the Bed Mat to protect against dents and scratches. Both Mats can be easily installed and removed. Requires minimal maintenance; cleanup is easy with soap and water.

The smooth, raised ribs running lengthwise ease loading and unloading; and the knobby underside promotes aeration and drainage to keep the truck's bed dry. A raised border around the perimeter of the mat improves appearance and definition.

This is a custom molded mat with no trimming necessary. Tailgate mat includes mounting hardware.

Driving Light Set

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

For More Information on Superwhite Bulb Set See Page 56

Tailgate Running Light Kit ... For Added Visibility

Tailgate Running Lights provide added visibility to following vehicles and have a distinctive styling popular for big Dually tailgates. A good alternative location for these lights is above the rear window. Lights are a two-piece design with the lens snapping to a chrome-plated plastic body. Concealed mount screws and neoprene gasket ensure a clean, easy installation. Five light kit comes complete with wire harness and mounting hardware.

Tonneau Covers Save Gas and Protect Your Cargo

*After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

IMPROVES GAS MILEAGE Up to 10%

Tonneau Cover is made from heavy-duty vinyl attached to a black enameled aluminum frame which clamps to the truck's bed. No drilling needed. Frame does not attach to the tailgate so it can be opened as needed. Vinyl cover comes with a 10-year warranty and the frame has a lifetime warranty. Smooth, aerodynamic profile improves gas mileage by as much as 10%.

Tonneau Covers feature special reversible snaps, which allows adjustable tension to compensate for weather conditions. Position the snap stud low for a tight fit in hot weather or reverse the snap stud to high for looser fit in cold weather. Corners and snaps are backed with thick polymer. Strong and durable fiberglass reinforced nylon snaps will not break.

The large, adjustable bows help keep rain and snow out and are easily removed and reinstalled when hauling bulky items. Locking corners allow easy removal of the tail rail to haul longer loads.

Hinged Tonneau Cover design enables full access to the bed without unsnapping the entire cover. Simply unlock the polymer covered locking handles and lift the tonneau cover. Aluminum frame features stainless steel and brass snaps and locking corners allowing easy removal. The quick release front hinge makes removal of the entire cover and frame easy; or if the frame cannot be left, roll up the vinyl cover and secure with the convenient straps, then remove the bows and tail rail to haul that bulky load.

Switch-Ball™ Set and Cover

37-7433

37-7437

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

Switch-Ball™ Shank Cover provides protection from the elements when not in use.

In-Line Power Steering Filter Helps Prevent Power Steering Failure

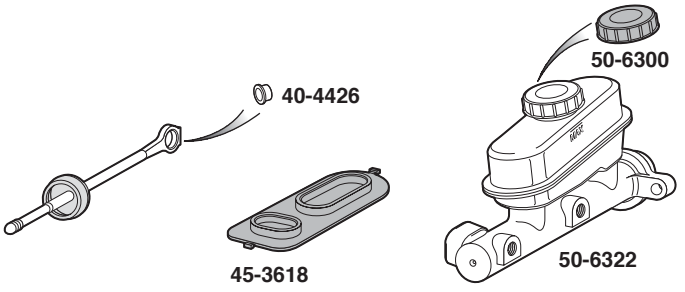

Power Steering Filter is a serviceable magnetic filter element that helps prevent contamination from dangerous metal particles and installs easily in the return hose of the power steering pump. Measures 1-1/4" diameter x 3" long and fits power steering return hoses with a 3/8" inner diameter. Check yours before ordering. Includes hose clamps and instructions.

Parking Brake Cable Repair Kit

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
34-3063	PARKING BRAKE CABLE REPAIR KIT	A/R	$14.95

Parking Brake Cable Repair Kit includes everything you need to repair one brake cable. Kit contains 10-foot cable, clamp, collar, bushing, ball end and detailed instructions.

Disposable Black Nitrile Gloves

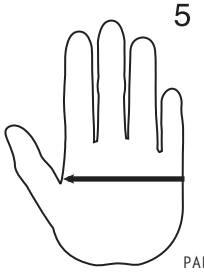

Disposable Black Nitrile Gloves are made from durable, powder-free 6 mil thick patented material for superior strength and tear-through resistance.

Gloves feature a fully textured finish for better grip with a two-ply construction that is tough enough to withstand exposure to grease, solvents and oil. Sold as a box of 100.

Glove Sizing:
Place your hand on a flat ruler with your index finger next to the zero line:

3-1/2" = Medium
4" = Large
4-1/2" = X-Large

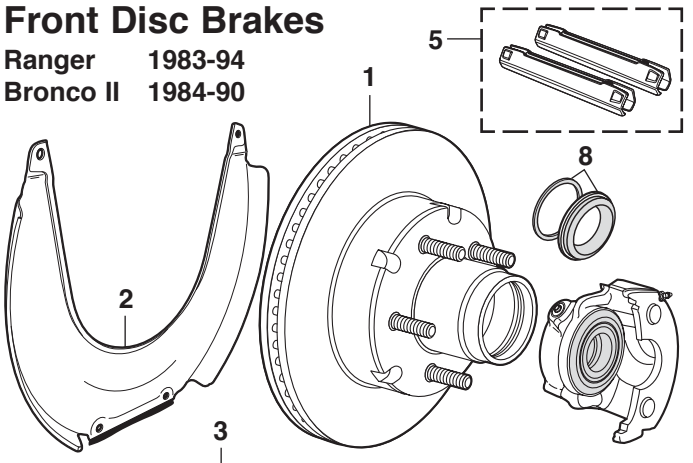

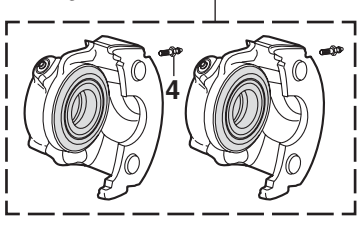

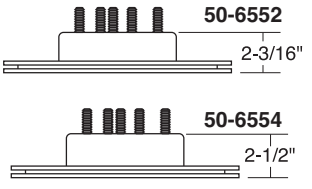

PART	DESCRIPTION	PRICE
38-0712-M	MEDIUM 100 GLOVE PACK	$12.95
38-0712-L	LARGE 100 GLOVE PACK	$12.95
38-0712-1X	X-LARGE 100 GLOVE PACK	$12.95

Front Disc Brakes

Ranger 1983-94
Bronco II 1984-90

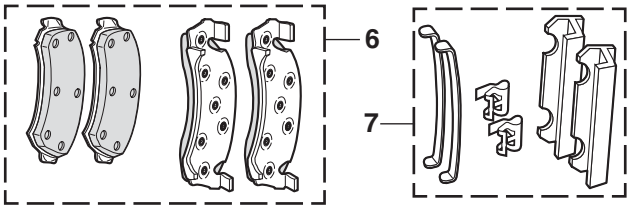

Caliper Sets include: Bushings, O-Rings, Grommets and Bleeder Screws. Disc Brake Pads are sold separately.

The height of the hub and rotor assembly is measured from the backside of the rotor to the front of the hub.

Core Refund Information - Calipers: A rebuildable core will have no excessive wear. Caliper must be assembled. No worn, damaged or cracked castings. No damaged bleeder screw threads or seat. No worn or elongated mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

50-4202		ALIGNMENT TOOL	W/DIESEL	RGR	83-84 (1)	$2.95

Note: "A" The 1985-87 Rangers came with a two-piece style release bearing consisting of a short bearing and a steel piston or spacer. This two-piece style release bearing has been replaced by a new one-piece design that eliminates the need for the steel piston or spacer. When replacing the old two-piece style bearing, the piston or spacer must be removed from inside the concentric slave cylinder. If this is not done, the clutch finger will be overstroked and cause slippage and/or noise.

Polyurethane Transmission Mount

50-5269

Transmission Mounts are soft enough for smooth operation on the street, yet strong enough for use at the drag strip, off-road and circle track.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
50-5269	TRANSMISSION MOUNT RGR BRII	83-11 (1)	$54.95

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more.

#38-0767 4 oz. Can **$14.95**

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

#38-0774 2.7 oz. Tube **$4.95**

Loctite LB 8108 is a high-performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications.

#38-0748 10.1 oz. Aerosol
$5.95

Loctite Freeze and Release instantly freezes rusted and seized fasteners at -45°F. The shock-freeze effect creates microscopic cracks so lubricants can penetrate into the connection, allowing easy separation after 1-2 minutes. Once released, parts remain lubricated and protected from corrosion.

#38-0764 13.5 oz. Can **$11.95**

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

#38-0798 10.5 oz. Can **$7.95**

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

#38-0766 16 oz. Aerosol
$6.95

Loctite Weatherstrip Adhesive is a strong and flexible waterproof adhesive for bonding all types of rubber weatherstripping. Withstands vibration and extreme temperature variations; dries black.

#38-0792 5 oz. Tube **$6.95**

#38-0765
20 Gram Stick
$5.95

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

Loctite Threadlocker prevents loosening of threaded fasteners caused by vibrations. Seals and protects threads from rust and corrosion. Allows disassembly with standard hand tools.

#38-0771 .2 oz. Tube **$6.95**

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

#38-0770 .33 oz. Tube **$4.95**

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

#38-0783 1.5 oz. Tube **$5.95**

#38-0921 .3 oz. Pen **$14.95**

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

#38-0788
$8.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

#38-0779
$3.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

Penetrating Graphite Oil is a waterproof lubricant for all metal products. Keeps brake cables, speedometer cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

#38-0747 .5 oz. Tube **$3.95**

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

#38-0781 11 oz. Tube **$9.95**

#38-0785
$5.95

Castrol Brake and Clutch Fluid exceeds DOT 3 and DOT 4 specifications and is recommended for all vehicles with these requirements. Unique synthetic formulation provides maximum protection against vapor lock failure. Available in a 12-ounce bottle.

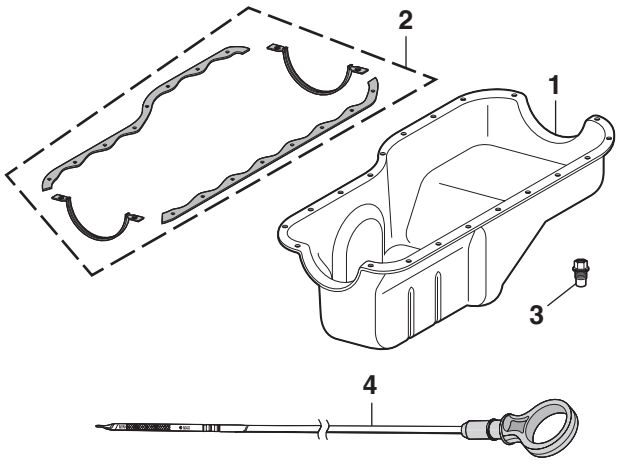

#38-0787
$26.95

Silicone Brake and Clutch Fluid meets DOT 5 requirements and is best for extended use; it won't absorb water that can cause corrosion. Silicone Brake Fluid will not harm painted surfaces. Available in a 32-ounce bottle. **Not compatible with DOT 3 or DOT 4 brake fluid. Not for use in vehicles equipped with ABS.**

EZ Oil Drain Valve

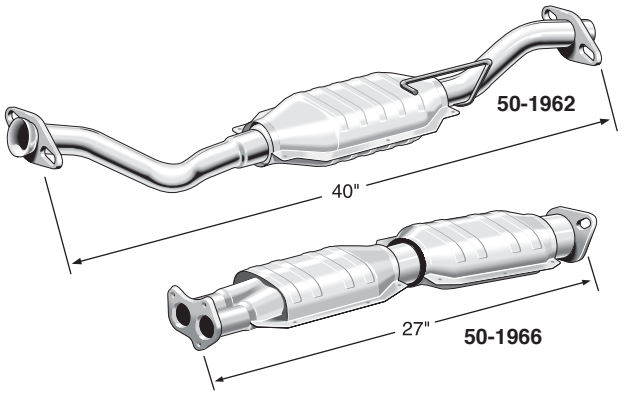

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal. Easy to locate orange top has a knurled surface for slip-free operation.

Simple operation; push in cap, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

Replacement Catalytic Converters

STREET LEGAL 49 STATE

Limited Manufacturers Warranty

In August 1986 the U.S. Environmental Protection Agency issued strict new guidelines regulating aftermarket Catalytic Converters. Our Replacement Catalytic Converters are designed and manufactured to meet EPA emission requirements proven and tested to be legal for road use in 49 states and Canada and are reasonably priced. Replacement converters are not legal for sale or use in California.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
50-1962	CATALYTIC CONVERTER 2.3L RGR	90-94 (1)	$149.95

HEDMAN HEDDERS

Turbo Mufflers ... Reduce Noise without Restricting Power

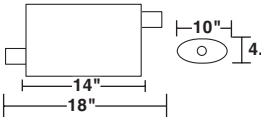

STREET LEGAL 50 STATE

Turbo Mufflers are specially designed to reduce and control noise without excessively restricting power. They are made from the finest quality materials and can be used as OE replacements as well as on custom exhaust systems.

36-6030

Turbo Mufflers have a galvanized, double wrapped muffler casing for maximum rust protection. Louvered baffles eliminate vibration and spun end caps provide a gas tight seal. Reverse flow design allows muffler to be inverted.

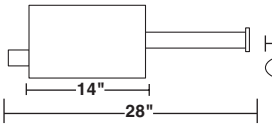

Part #	Inlet	Outlet
36-6030	2"	2"
36-6031	2-1/4"	2-1/4"
36-6032	2-1/2"	2-1/2"

31-0561	CLAMP-STAINLESS STEEL	2-1/2"	$11.95

Cat-Back Performance Dual Exhaust System with Resonator Tips

Exceptional Sound with Increased Horsepower

50-1902

Cat-Back Exhaust Systems have a straight-through design that reduces back pressure for more low-end torque, increased horsepower and better fuel economy. Replaces the stock exhaust system from the catalytic converter back. Manufactured from 16-gauge, mandrel bent aluminized steel, increasing flow up to 20% more than stock. Exhaust systems have 3-1/2" diameter resonator tips that replace the original muffler. Easy bolt-on installation, no welding required. Hangers, fasteners and steel clamps are included. Exhaust exits the rear of truck.

***** After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Available in black powder coat blunt tip or stainless steel angle tip.

Replacement Resonator Tips

36-5557

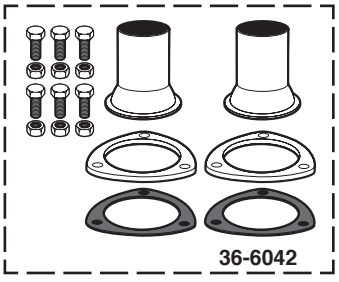

36-5559

The 3-1/2" diameter resonator tips replace the original muffler and give your truck that deep performance tone without being too loud. Available in stainless steel angle tip or black powder coat blunt tip.

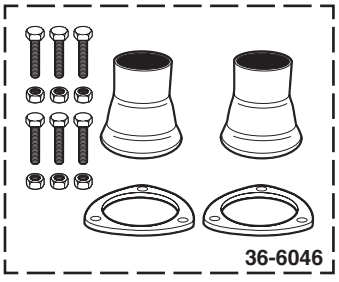

These are longbed systems; front extension pipes will need to be cut to fit shortbeds.

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

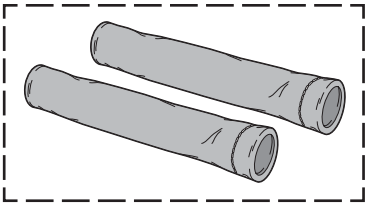

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

PART	DESCRIPTION AND APPLICATION	PRICE
36-6181	HEADER WRAP 1" X 25'	$11.95
36-6182	HEADER WRAP 1" X 50'	$19.95

Thermal Spark Plug Boot Sleeve Set

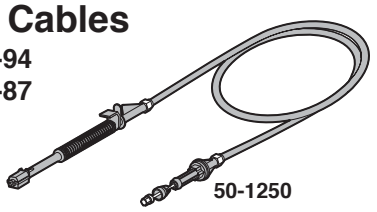

Thermal Spark Plug Boot Sleeves provide thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from temperatures up to 1200°F. Call or go online and order yours today!

Rubber Vacuum Caps

30-1436

These Rubber Vacuum Caps are great for blocking off unused vacuum ports and lines, to prevent leaks and poor engine performance. Excellent for capping lines and hoses while testing carburetors, emission control systems, vacuum lines and more.

Caps are made from durable heat-resistant black rubber. Assortment contains one each of the following sizes: 5/32", 7/32", 5/16", 3/8" and two each of 3/16" and 1/4".

38-4895

38-4896

38-4894

IMPROVES GAS MILEAGE

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894 Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

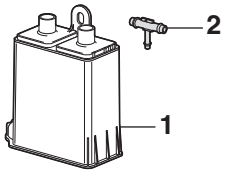

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

Radiator Core Size: The height and width of the central part of the radiator, between the tanks and the side pieces. Consists of parallel rows of tubes and fins.

Rows: The number of rows refers to the number of parallel rows of tubes in the core.

Stainless Steel Coolant Overflow Kit

36-4087

Stainless Steel Coolant Overflow Kit works in place of any existing coolant overflow system or can be added to vehicles not originally equipped with a coolant overflow tank. Tank holds over 1 quart of coolant and measures 3 inches wide by 16 inches tall. Kit includes stainless steel coolant overflow tank, stainless steel twist-on style cap, mounting brackets and hardware.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
36-4087	STAINLESS COOLANT OVERFLOW KIT	(1)	$54.95
32-1941	OVERLFLOW HOSE-4FT	(1)	$5.95
30-3410	HOSE CLAMP	(1)	$.95

Universal Coolant Overflow Kit

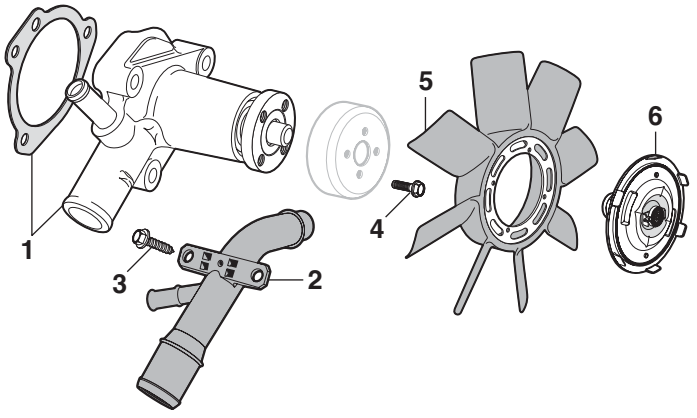

36-4086

Universal Coolant Overflow Kit includes coolant overflow tank with steel wire mounting bracket that holds over two quarts of coolant and measures 6" wide x 4-1/2" deep x 7-1/2" tall. It comes with four feet of hose, attaching hardware and easy-to-follow instructions. Fluid levels can easily be read without removing the twist-on style cap.

Ranger 1983-11

A/C Bypass Pulley
Your truck will not run with a seized A/C compressor. Save time and money with an A/C bypass pulley. Remove A/C compressor, install A/C bypass pulley and original size belt and then you are back on the road.

Core Refund Information - A/C Compressor: A rebuildable core will have no broken or stripped mountings, no damaged port threads, cracked, frozen or rusted housings. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

A/C Hose Assemblies may vary in appearance from illustration depending on your truck's model.

Amplified Hide-Away Antenna

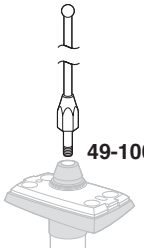

38-1145

Amplified Hide-Away Antenna allows you to get AM/FM reception without having to use standard fender-mount or window antenna. Features active magnetic field circuitry for enhanced radio reception and 105" cable allows installation almost anywhere in your vehicle. Connects to standard antenna plug and radio's power antenna wire (if equipped) or a switched 12V positive power source. Never worry about stolen or damaged antenna again.

Electronic Musical Horn Plays 46 Sounds

Electronic Musical Horn plugs into a cigarette lighter or power point to play sound three times and stop automatically or can be used as a loudspeaker with included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. Command module is 7" wide by 3" high and mounts using included adhesive backed hook and loop patches. No drilling is required.

Adjustable rotary on/off volume control allows for easy sound level control, five bright LED lights on control module instantly indicate system mode and a 4" diameter weatherproof horn mounts under the hood. For 12 volt negative ground systems.

46 Different Sounds

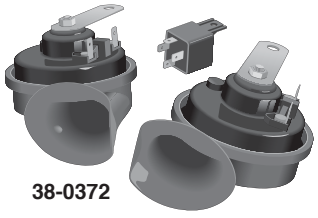

Animal Mode: Bird, Eagle, Elephant, Horse, Sheep, Dog, Tiger, Cow, Rooster, Turkey, Cat, Duck, Hen, Frog.
Alarm Mode: Whistle, Car Horn, Train, Laughing and 12 different siren sounds.
Music Mode: Lambada, It's A Small World, Fur Elise, Do Re Mi, Oh My Darling, Silent Night, Long Long Ago, Hungary Dance, For Bogey, Swan Lake, Oh Susannah, Baho Dance, Hallelujah, Row Row Row Your Boat, Love Story, When The Saints Go Marching In. Or go directly to Piano Mode and create your own music by pressing the buttons on the control panel.

8" Powered Subwoofer

38-8527

1 Year Warranty

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

PART	DESCRIPTION AND APPLICATION	PRICE
38-8527	POWERED SUBWOOFER-8" 100 WATT	$199.95

Quad 4 Amplifier

38-8569

Efficient and powerful low distortion Class D Quad 4 Amplifier pushes 45 continuous watts into four channels for a total of 180 watts of pure listening enjoyment.

Features ultra-low current draw, less than .2% total harmonic distortion, frequency response of 10Hz-40kHz and 100Hz high-pass crossover frequency. 15 amp fuse included. Compact Size: 7.16" x 2.9" x 1.78"

Quad 4 Amplifier can be plugged directly into any Retro Sound radio for easy system integration or can be used with any aftermarket stereo with the included front and rear RCA connectors and low level inputs.

Universal Windshield Washer Pump

This pump adapts to any 12-volt vehicle and installs in minutes with simple household tools.

Features a gear-driven positive replacement pump to ensure a constant spray under all conditions. All necessary parts and instructions are included with pump.

PART	DESCRIPTION	PRICE
36-4081	UNIVERSAL WASHER PUMP	$19.95

Heated Windshield Washer Kit

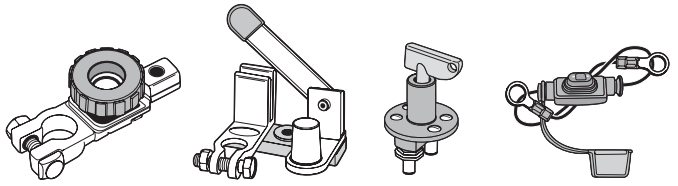

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
36-4085	HEATED WINDSHIELD WASHER KIT	(1)	$99.95

Battery Disconnect Switches

36-0809 36-0813 36-0709 36-0909

Battery Disconnect Switches are easy to install and stop battery drain and reduce the risk of fire while your vehicle is parked. With key or knob style disconnects, the key or knob can be totally removed as an additional deterrent against vehicle theft. A 15-amp Bypass Fuse is available to maintain memory on your radio, clock, etc., while your battery is disconnected.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
36-0809	BATTERY DISCONNECT-KNOB STYLE	TOP POST	(1)	$9.95
36-0813	BATTERY DISCONNECT-KNIFE STYLE	TOP POST	(1)	$29.95

36-0909	BYPASS FUSE 15-AMP	IN LINE	(1)	$3.95

Universal Remote Battery Disconnect

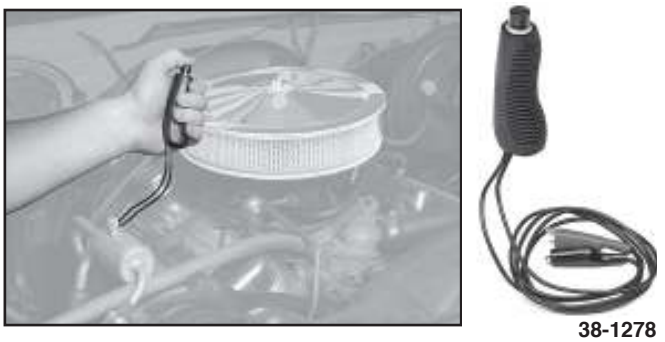

36-0844

Automatic Battery Disconnect is pre-programmed to disconnect the battery power when it senses voltages below 12 volts to save power for an emergency start. Includes two key fobs for remote actuation of the disconnect to provide an anti-theft function and protection against battery drain.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
36-0844	REMOTE BATTERY DISCONNECT	UNIVERSAL	(1)	$119.95

Remote Starter Switch

38-1278

Remote Starter Switch allows you to start or crank your engine without help. Ideal for conducting compression tests or bumping engine to top dead center for valve, distributor or camshaft adjustment. 36" long leads have alligator clips with insulated boots and feature a push button style switch and grip.

PART	DESCRIPTION AND APPLICATION	PRICE
38-1278	REMOTE STARTER SWITCH	$9.95

Battery Post and Terminal Cleaner

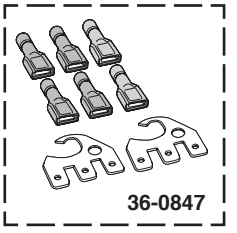

38-1366

Dual function tool – top brush cleans battery terminals and bottom brush cleans battery posts.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
38-1366	BATTERY POST & TERMINAL CLEANER	(1)	$4.95

Battery Tap Accessory Circuit Kit

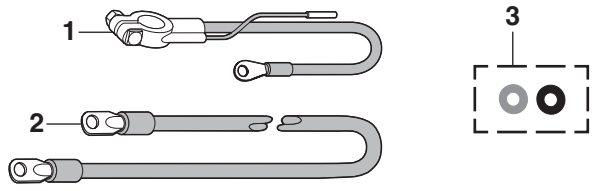

36-0847

Battery Tap is an easy and reliable way to make direct connections at the battery with up to three new additional circuits. Designed to fit positive and/or negative battery terminals. Kit contains two taps and six crimp connectors. The Battery Tap can be stacked to provide additional connection points or can be attached to vehicle frame for additional grounding points.

PART	DESCRIPTION AND APPLICATION		PRICE
36-0847	BATTERY TERMINAL TAP KIT	TOP POST	$4.95

Replacement Battery Cables

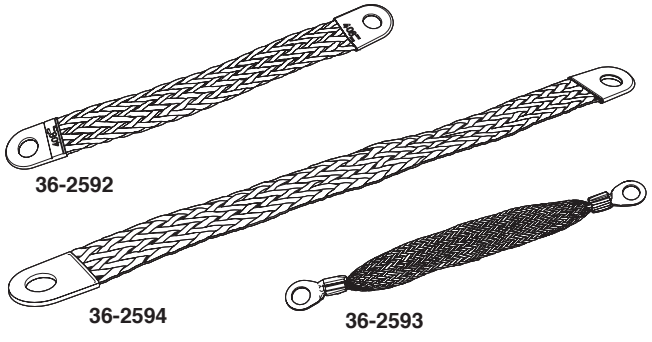

All battery cables have a copper core that extends to the end of the plated lug to give a one-piece solid connection. Terminal protectors help prevent power-robbing corrosion build-up that inhibits cranking power.

Part numbers ending in -RD are red cables.
Part numbers ending in -BL are black cables.

Ground Straps

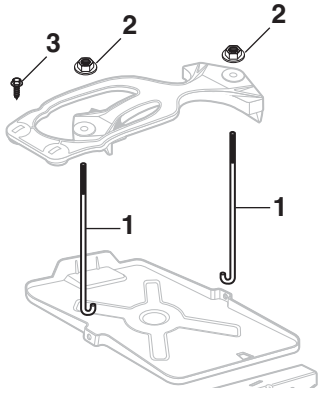

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
36-2592	GROUND STRAP-8” ENGINE TO FRAME	83-11 (1)	$6.95
36-2594	GROUND STRAP-12” ENGINE TO FRAME	83-11 (1)	$8.95

Universal Wiring Harness ... Finish the Job Right the First Time

47-3615

Universal Wiring Harness is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 21 circuit and 28 circuit assemblies.

High quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional and 1-wire alternator leads. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

21 Circuit Wiring Harness includes air conditioning/heat, brake lights, cooling fan, courtesy lights, gauges/instruments, hazard, headlights, horn, ignition coil, radio, turn signal and wiper.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
47-3615	WIRE HARNESS KIT-21 CIRCUIT "A" RANGER	(1)	$649.95

28 Circuit Wiring Harness includes all of the features of the 21 Circuit Harness plus backup lights/cruise, cigarette lighter, fuel pump, power antenna, power locks, and power windows.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
47-3620	WIRE HARNESS KIT-28 CIRCUIT "A" RANGER	(1)	$659.95

Note: "A" For use on carbureted models only.

Split Braid Flex Loom

36-2600

Unique black flexible braided construction features a 25% edge overlap that will allow for the sharpest of bends without distorting or splitting open. Lateral split design of the flex loom allows for easy installation of multiple wires. Self-wrapping feature ensures the flex loom will return to its original size and shape without the need to use fasteners or tape. Protect your vehicle's wiring, cables, hoses and tubing from unnecessary wear while adding a clean look. Available in three sizes: 1/4", 1/2" or 3/4" diameter.

36-2597

Wire Loom Installation Tool makes feeding wires into split wire looms a snap. Insert the wiring into the channel of the tool, rotate the handle to lock wiring in place and insert the loom separator into the split loom. Gently pull the tool through the loom while holding onto the wires. Available in three convenient sizes.

PART	DESCRIPTION AND APPLICATION	REQD	PRICE
36-2600	SPLIT BRAID FLEX LOOM 20' LENGTH 1/4" DIAMETER	A/R	$34.95
36-2601	SPLIT BRAID FLEX LOOM 10' LENGTH 1/2" DIAMETER	A/R	$24.95

PART	ILL#	DESCRIPTION AND APPLICATION		REQD	PRICE
47-4296	(1)	UNDERHOOD LIGHT	RANGER	91-97 (1)	$39.95
47-0241	(2)	BULB-CLEAR	RANGER	91-97 (1)	$.95

Underhood Lamp Kit

36-4502

Underhood Lamp Kit adapts to any 12 volt truck and helps illuminate the engine bay. Necessary installation hardware is included. No need for wiring to a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when lowered. Mount underneath hood and connect lamp wire to any constant hot vehicle wire. Moisture proof in-line fuse is integrated into wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed.

PART	DESCRIPTION AND APPLICATION		REQD	PRICE
36-4502	UNDERHOOD LAMP KIT		(1)	$24.95
36-0225	REPLACEMENT BULB-CLEAR	FOR 36-4502	(1)	$.95

"Right Part ... Right Price ... Right Now"®

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 562-8782, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

-T - After a part number means that part must be shipped Truck Freight. The prepaid order will include a $125.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.

***** - After the sell price means Oversize Part Charge. Your order will incur a charge of $20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-Z - After a part number means Remanufactured Part. Core charge will be applied then refunded after receipt of a rebuildable core.

-R - After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of $20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than $1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us UPS or USPS within the 48 contiguous states, you don't need to call for authorization. Just send it to us at:

14600 W. 107th Street, Lenexa, KS 66215

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the UPS ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 562-8782
¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

We will not accept C.O.D. returns.

Gift Cards Now Available

Call (800) 562-8782 to Order

Available for $25 - $50 - $75 - $100

- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

We do our best to keep our shipping charges as low as we can. However, some items we carry need some extra space or special handling, so these may require extra charges to ensure they get to you in the most reliable, safest way. Please check your shipment as soon as you can to make certain that everything is accounted for and nothing is damaged. We do everything in our power to ensure your product arrives undamaged.

Shipping charges are based on the "Parts Total" on your order. This chart shows the basic charges for Ground, 2nd Day Air (for delivery the second business day after the order is placed), and Next Day Air (for delivery the next business day) for shipments to the contiguous 48 states. Exceptions are listed below. Limitations may apply.

Order Parts Total	Ground Delivery / UPS	2nd Day Air	Next Day Air
Up to $20.00	$ 8.75	$ 26.75	$ 45.75
$20.01 to 50.00	10.75	30.75	52.75
50.01 to 75.00	13.75	36.75	60.75
75.01 to 100.00	18.75	45.75	70.75
100.01 to 150.00	23.75	58.75	83.75
150.01 to 250.00	27.75	65.75	91.75
250.01 to 350.00	31.75	72.75	105.75
350.01 to 500.00	34.75	78.75	118.75
500.01 to 1000.00	37.75	Quote	Quote
1000.01 and Up	Free UPS Ground ▼ Free Truck Freight ▼	Quote	Quote

If you are ordering Oversized Parts (indicated with a * throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free Ground shipping or free Truck Freight, your entire $1000+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

If you want delivery by 2nd Day or Next Day Air, your order must be in by 3 p.m. Central Time, Monday through Friday. This service is available only within the 48 contiguous states and not allowed to P.O. boxes or APO/FPO addresses. There are some limitations on what we can ship by air, based either on size of the products or the items themselves (ORM, Other Regulated Material, such as adhesives are not allowed on air shipments, for example). Oversize Parts (*) are not available for air delivery. Delivery can't be guaranteed on holidays. Backorders will be shipped ground when those products arrive at our warehouse unless other arrangements are made.

If you'd like Saturday delivery and are within the contiguous 48 states, we must receive your order by 3 p.m. Central time on Friday. A $15 charge will be added to your Next Day Air charge. Unfortunately, this service is not available in all areas or with all addresses. Please call our customer service line for assistance with Saturday delivery. Truck Freight and Oversized Parts are not available for Saturday delivery.

Customer Service Line: (800) 562-8782
¿Habla Español? (855) 456-2288

If you are shipping within Kansas, you will be charged state and local taxes. This also applies if you pick up your order in person at the City Counter, unless you have a Kansas State Resale Exemption form on file with us.

C.O.D.s are allowed, under these conditions: There is a $12.50 fee for all C.O.D.s. You must pay by cashier's check or money order at the time of delivery. You must provide a delivery address where someone will be available 8 a.m. to 5 p.m. the day of delivery. No Truck Freight items, APO/FPO addresses, Air Delivery, or postal delivery orders. Undelivered or refused C.O.D. orders will flag your account, and future deliveries must be prepaid.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship C.O.D. orders or Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping *USPS Priority Mail* to Alaska, Hawaii and the U.S. Territories

This chart shows shipping charges on orders up to $500 that qualify to ship USPS Priority Mail. Parts must be 108 inches or less and weigh 70 pounds or less to qualify for USPS Priority Mail. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

Order Parts Total	USPS Priority Mail Alaska, Hawaii & U.S. Territories
Up to $20.00	$ 19.95
$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	45.95
150.01 to 250.00	54.95
250.01 to 350.00	65.95
350.01 to 500.00	71.95
500.01 and Up	Quote ❖

❖ You will be contacted with charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know About Shipping to Canada

Your orders will be shipped UPS "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping Internationally

All of our international orders ship complete. All charges must be prepaid in U.S. funds, including all transportation, brokerage, duties, taxes, and fees associated with your order. We do not accept personal checks on international orders.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping a Rebuildable Core Part

Without the constant inflow of rebuildable cores, items can become discontinued and unavailable.

Some items carry a Core Charge which can be reimbursed by your sending in a core that can be rebuilt into a usable part for someone else. These items are marked throughout the catalog with a –Z in the part number. In order to get your Core Charge refund, the part you send in must be clean, complete and rebuildable according to the standards set on that item's catalog page.

Please send us the core part back with a copy of your invoice. If your core is acceptable, we will refund your money in the same way that you paid the Core Charge plus any shipping charges. To be reimbursed for your core return shipping charges, please include a copy of your shipping receipt.

We will not accept C.O.D.s on cores. However, we appreciate your willingness to participate in this program.

PART #	DESCRIPTION	QTY	PRICE EACH	TOTAL

If you want to use a credit card, we accept Visa, Mastercard, American Express and Discover. We do not charge your account until the items are shipped. The invoice you receive is your record of that payment.

If you want to use a check by phone, we will need your account number and bank routing number when you call. If you are using this method for the first time, we will need 72 hours to process it.

If you want to pay by C.O.D., we will require a cashier's check or money order at the time of delivery. Please read through the C.O.D. information on our shipping page.

If you want to purchase a Gift Card, please call our customer service line at (800) 562-8782. If you wish to redeem a Gift Card, we accept them with phone orders or prepaid orders. At this time, Gift Cards cannot be redeemed online.

Please hold on to your invoice, as it is your record for your order. You will need it for any refunds or warranty questions that may arise.

Refunds will be made in the same manner as payment.

The Perfect Vehicle

Nathan Wibe and His 1998 Ford Ranger

I inherited my 1998 Ford Ranger from my grandparents when they moved to Phoenix, Arizona. This vehicle has become very special to me as it was the first vehicle I drove after obtaining my driver's license.

My father took me out to the local mall to practice driving around the parking lot. It was the perfect vehicle and was easy to get around in. I was allowed to drive it to school daily with one requirement: I had to pick up my sister after school. I was just excited to not have to ride the bus or have my mother take me to school.

To date, the only upgrade we have completed on the vehicle was replacing the original car stereo with a JVC Stereo with DVD player. I am hoping to swap out the speakers soon. I am planning on going to auto tech school after high school. I look forward to updating my Ranger as I gain new skills.
